SAIL Welcomes Guests to the Meeting

A couple of people came to the meeting to talk about the potential for the safety rest stop idea. Barney Fleming, from the Northwest ADA Center gave a very good presentation about the ADA requirements for restrooms. Shawn Murinko ADA/Manager from the Washington State Department of Transportation talked about some of the practical obstacles to the idea. Also Kevin Reynolds, an Architect for the Washington State Department of Transportation came to offer his knowledge and expertise. Although that particular idea seems to merit additional research a couple of ideas were talked about. When we meet again we will go over in more detail those other ideas. Thanks to everyone who came to the meeting! Thanks again Corinna for inviting our guests! I am hopeful that everyone got some useful information! Come again next month as we continue to narrow our focus!
